We are delighted to celebrate a strong set of GCSE results, with our students performing well across a wide range of subjects. Highlights include:

- ◇ More than one in five GCSE grades were at grades 9-7 – the highest grades available and equivalent to the former A* and A grades.
- ◇ 73% of our students passed both English and Mathematics, putting the school above the national average.
- ◇ Students achieved an average Attainment 8 score of 50.8, which measures performance across eight key GCSE subjects. This was above both the national average and the average for schools across Waltham Forest.
